COPPER IS COLLECTED FROM GERMAN HOMES

Roofs of Churches and Tablets in Museums Still Are in Reserve.

BERLIN, August 2, via London, August 3.—Large crowds of women and boys flocked to the Berlin gas works and market halls today carrying copper kettles, pots, desk ornaments and other articles in accordance with the request of the government that the copper supplies of the country be delivered to it for public purposes.

This "mobilization of copper" will occupy three days. Today's deliveries yielded enormous piles at each receiving depot. The government pays cash for each copper article at the market price. The metal obtained today covered only part of the available supply, since wire and the roof of the museums, churches and other public buildings, which will aggregate enormous quantities of metal, are untouched. This metal will not be called for until it is needed.

Flax Instead of Cotton.

ROTTERDAM, via London, August 3.—The Germans already have begun using flax as a substitute for cotton in some of their munitions factories, and all munition factories are being re-modelled for this purpose, according to a dispatch to the Courant from Berlin.

The taking of an inventory of all stocks of cotton and of other textiles throughout Germany, the dispatch adds, began Monday and will continue for ten days. A large staff of officials is being employed in this work. All stocks of cotton and articles made from cotton, even including under-clothing and shirts, must be listed.

Wife Seeks Limited Divorce.

Suit for limited divorce was filed in the Supreme Court of the District of Columbia today by Eva C. Steele, through Attorney D. Edward Clark, against her husband, Harvey J. Steele.

The petitioner states the couple were married in this city August 25, 1903. They have one child. Cruelty is alleged.

Abe Martin Says:

Ever young man has a period when he tries to look like the 'col-lar ads in th' street cars.

Palm Beach suits make us all o' one size.

Wills Distribute Two Estates.

By the terms of the will of Ellen C. Randolph, dated April 22, 1915, and filed for probate today in the Supreme Court of the District of Columbia, a niece, Marion Richardson, is left two rings and \$1,000. A bequest of \$100 is made to Florence Gullfoxy for her "faithful attendance," and the rest of the estate to Mary A. Nelson, a friend.

The National Savings and Trust Company is named executor.

The will of Helen Swift Murphy, dated November 1, 1914, also was filed for probate today. Jewelry, wearing apparel and one-half of the estate is left to the daughter, Ethel M. Biddle. The other half is left to the American Security and Trust Company to pay the income to another daughter, Adelaide Breckinridge.

Cholera Reports From Austria.

PARIS, August 3, 2:05 p.m.—In the week of July 12 to July 18 there were 366 cases of cholera and 178 deaths in Hungary, says a dispatch from Geneva to the Havas Agency.

Cloudburst Damage Great.

Loss at Peoria, Ill., and Vicinity Is Placed at \$100,000.

PEORIA, Ill., August 3.—Property damage estimated at \$100,000 was caused in Peoria and vicinity last night when a cloudburst visited this section.

The government weather bureau reports rainfall of 2.19 inches. The city's sewer system proved inadequate, resulting in the flooding of streets and basements of business houses.

For the third time in a few months the tracks of the Peoria and Pekin Union railway were washed away six miles below Peoria. Heavy damage to the embankments of the Rock Island also were reported. Surrounding towns report great damage to property.

War Officially Reported.

AUSTRIAN STATEMENT.

VIENNA, August 2, via London, August 3:

Near Krasnow, opposite the estuary of the Radomka, our allies obtained yesterday new successes. West of Ivankograd our Transylvanian regiments took eight vantage points with the bayonet. Four of these works were captured by the 50th Infantry Regiment.

The semi-circles around Ivankograd are becoming considerably narrower. We captured 15 officers and over 2,000 men, including 21 heavy guns, 11 machine guns and large supplies of war material.

East of the Vistula one of our divisions stormed the railway station at Nowo Alexandria and some positions adjoining.

At Kurov German troops, after having taken yesterday two enemy lines, penetrated the third.

But the enemy still occupies his positions. Between the Vistula and the Bug the pressure continues.

Our troops which crossed the Bug between Sokal and Krylow are advancing in the direction of Vladimir and Wolynsk.

In east Galicia the situation is without change.

Italian theater: On the Tyrolean front a hostile detachment was surprised in the Ledro valley, west of Bezzeo, and repulsed. In the Giudicaria valley our patrols drove two Italian observation posts from the heights northeast of Canino.

In the Carinthian border regions nothing of importance has occurred. In the littoral of the northern sector there is general calm. On the plateau artillery fighting continues.

A strong attack on the eastern front was completely repulsed by our infantry, which carried them beyond their original positions.

RUSSIAN STATEMENT.

PETROGRAD, August 2, via London, August 3:

There was no important change Sunday in the Mitau-Bausk district. East of Poniewiesch, Saturday evening we continued to press the enemy advance guard, taking another 500 German prisoners, including 6 officers, and 6 machine guns. The Germans on Sunday brought up the main body of their troops and tried to take the offensive, with the result that in the evening fights both sides were attacking.

On the Narow front Sunday evening, after several days' stubborn fighting, the enemy succeeded in progressing toward the right bank of the Narow. Near the confluence of the Pissa and in the Rozan district the enemy concentrated considerable forces, which continued Sunday to deliver attacks in the direction of a branch railway south of the station at Ostro-lenska as far as and including the village of Kabyline. Here the battle continued extremely desperate and sanguinary.

On the Vistula front Sunday the actions which were in progress in the north and south of Gora Kalwaryna. Enemy detachments which crossed the Vistula near Magucheff and Rytchivola were driven back toward the river. In the district of Matziewitz the fighting continued by vigorous attacks to extend its front, but to little purpose, the fighting being conducted Sunday actually the same as before. Near the Ivankograd crossing Sunday evening, after a stubborn engagement our troops on the left bank of the Vistula withdrew to a more concentrated position. Between the Vistula and the Bug desperate fighting continues. In the direction of Lubart, off on the Magnusow front, as far as the Bystritsa, we have had a bit of progress. In the district of Travniki-Voldava road, we repulsed the enemy's attack. In the direction of the Vistula, southeast of the town of Lenczna, the army of Field Marshal von Mackensen still is being engaged by the Russians.

German troops have gained a new success east of Kurov, capturing 600 prisoners. Between Lenczna and Zalin, northeast of Chelm, our pursuit of the enemy is progressing.

On the River Bug we have reached the district north of Dubienka. Austro-Hungarian troops are advancing across the Bug southeast of Vladimir and Wolynsk.

MANY OFFICERS TO SAIL.

Transport Thomas to Carry Five Coast Artillery Companies to Manila.

Besides five companies of coast artillery to augment the garrisons in the Philippines and to remain in the islands for two years, the transport Thomas, sailing from San Francisco Thursday, will carry the largest list of officers that any transport has taken in some time.

Many of the officers are now being sent on foreign service. The unusual size of the list, however, comes from the fact that so many officers with station in Hawaii and the Philippines have been in San Francisco on leave of absence to see the exposition.

Two Automobiles in Collision.

A charge of colliding was preferred against Ralph Grayson, Vienna, Va., this morning following a collision between two automobiles at 13th and E streets northwest. The vehicle in charge of Grayson is owned by W. C. Rosenbush, 3335 P street. Both vehicles were damaged.

Crew Takes to Boats.

The crew hurriedly got into the boats and lowered the wounded into them. The submarine then torpedoed the steamer, which sank within three minutes.

One of the boats, containing ten persons, was engulfed. In all, fifty-four survivors reached here. The wounded

British Steamer First Shelled and Then Torpedoed by German Submarine.

BREST, France, August 3.—The British steamship Clintonia, of 3,858 tons, reported yesterday as having been sunk, was shelled Sunday morning by a German submarine. Eleven men of the Clintonia lost their lives and fifteen were injured.

The Clintonia encountered the submarine twenty miles west of Ar-Men, and according to survivors, was attacked without warning. The submarine fired four shells, wrecking everything on deck.
